BRIDGE OPEN HOUSE & DEDICATION ~ CAVU MEDIA STUDIO

The Bridge Open House was packed August 16. We loved opening the doors to tour the Bridge Home, hear the testimonies live (those who stayed in home, received new homes, taught classes or attended conference here). We experienced the power of God in the tent with so many ministry leaders, friends. **The dedication and tours of the CAVU Media Studio** were amazing. Special honor to our legacy pastors Bishop Merritt, Apostles Ellis, Jones; the late bishops Wallace and Gibert, Galena Conatser and many local leaders.

CAVU MEDIA STUDIO DEDICATION

We dedicated our CAVU (Ceiling & Visibility Unlimited) Media Studio at the Open House. Attendees were able to tour the studio, meet the staff, see the video, audio, software tools used to help ministers and ministries accelerate in their vision to change the world for Christ. Phase 1 was funded for the studio. Thank you Apostle Ellis and many leaders in praying for studio and producers. Lead Producer, Aaron Golematis, has done such an amazing job with our team in bringing this altogether. For more information go to www.bridgenetworks.org/Cavumedia. BRAZIL 2026

The Bridge Networks is overseeing a mission's trip to Castanhal, Brazil in April, 2026, led by George Matei. Hosts Scott & Michelle Toth went to Brazil in 1990 and began Hope Ministries in 2008. Our team will have the honor to serve them through evangelism, outreach in schools and the community, as well as going down the Amazon by boat for 4 days to work with 4 small villages doing evangelism, food, children's ministry, medical, video documentary and formation of Embassy Training Center in Portuguese. If you would like to partner, you can go to our website at: (Donate): Description: (Brazil 2026)

EMBASSY TRAINING CENTER UPDATE: NEW SITES: COLUMBIA & SPAIN

Pastor Marvin Tobar has started a new year of classes both live and virtually on Zoom in Spanish. All students also have access to our classes and downloadable notes on our website as well (www.embassytc.com/espanol). Marvin is overseeing 6 Embassy TC sites in Guatemala with 117 students, 2 sites in El Salvador with 82 students, 1 site in the Dominican Republic with 42 students and a site at a Spanish church in Detroit with 60 students. **New Sites:** We have added 2 brand new classes in Columbia with 14 students (top right photo), and in Madrid, Spain with 14 students (bottom right photo - Zoom on TV on back wall). God is multiplying above all we could even imagine! There is such a great need for access to Kingdom study and training pastors and leaders. Greatest Need: Pastor Marvin travels thousands of miles in his vehicle going to these sites. Partner with us as we are fundraising for a vehicle (see "Partner with the Bridge" below).

AUNTIE SHUN'S HERBAL HEALTH CLASSES

The Bridge Networks had the privilege of hosting Auntie Shun's Herbal Health Classes Part 1 & 2. We feel our health and healing is very important as leaders and members of the Body of Christ to fulfill our assignments in the Kingdom. Some of the topics were: "The Power of Herbs for Healing", "Winter preparation" and "Making personalized teas, tinctures and salves". This is a great addition to equipping through the Bridge. APOSTLE STEVE BUSULWA, KAMPALA UGANDA

We were honored to have Apostle Steve Busulwa from Living Ministries of Christ Intl, Kampala, Uganda Africa speaking to our board and several Bridge Ministries International ministers. Apostle Steve taught a dynamic word and there was individual prayer and a prophetic outpouring as everyone was touched in miraculous ways.
